Dear Madam/Sir:

SUPPLEMENTAL INFORMATION

DISCLOSURE STATEMENT UNDER RULE 1.97

In accordance with the duty of disclosure under 37 CFR § 1.56, Applicants hereby notify the U.S. Patent Office of the documents which are listed on the attached PTO-1449 and which the Examiner may consider to be relevant to patentability of the claims of the above-identified application.

The Information Disclosure Statement is based on the prior art which has been only recently been brought to the attention of the applicant by the European Patent Office for the corresponding patent application. Comments with respect to the relevancy of the submitted documents and provided by the German Patent Attorney handling the parent German application are attached.

The present Information Disclosure Statement is being filed (1) no later than three months from the application's filing date or (2) before the mailing date of the first Office Action on the merits (whichever is later), and therefore no certification under 37 CFR § 1.97(e) or fee under 37 CFR § 1.17(p) is required.

The submission of the listed documents is not intended as an admission that any such document constitutes prior art against the claims of the present application. Applicant does not waive any right to take any action that would be appropriate to antedate or otherwise remove any listed document as a competent reference against the claims of the present application.

Respectfully submitted,
